doctorportal Learning:
Promoting medical education 2020

Accredited peer-reviewed learning and effortless CPD tracking for medical practitioners
Promoting **medical education** on **doctorportal Learning**

**doctorportal Learning** is a state-of-the-art, mobile friendly, learning management system specifically designed for Australian medical professionals. Developed with the busy doctor in mind, **doctorportal Learning** provides a one-stop-shop for registering, completing, and managing professional learning through our custom built CPD Tracker to meet ongoing reporting obligations of medical colleges and the Medical Board of Australia.

**CPD Learning Catalogue**

The **doctorportal CPD Learning catalogue** is the gateway for viewing medical education. Courses and events are listed in the catalogue and linked to their own information page.

If your course or event targets medical professionals and is approved by **doctorportal Learning**, it can be listed in the catalogue and hyperlinked to your registration page.

**Benefits**

Listing your medical education in our **CPD Learning catalogue** provides high quality, credible context for your courses and events. It increases your target audience’s awareness of your learning via our easy to use platform for Australian medical and healthcare professionals.
